Mayor Bellamy,

What do you mean?

Sincerely,

Representative Tim Moffitt

North Carolina House of Representatives

Western North Carolina Delegation Chair

116th District – Buncombe County

Corrected version below. I was typing too quickly trying to meet your deadline.

Rep. Moffitt,

Thank you for your email. Unfortunately, I could not meet your deadline. We had interviews for City Attorneys today.

I am one member of Council, and cannot speak for the entire Council; Council meets again on June 11. <x-apple-data-detectors://1> Among our concerns is that we have yet to see concrete terms for a settlement—only that we drop the lawsuit in exchange for an uncertain promise of inclusion in the Parks Authority bill, which itself provides little certainty as to the revenue that will be generated.

As stated in our complaint, and in arguments to the court, there are some very real legal, logistical and financial issues associated with implementing the Water Act. We initiated the legal action because we had no choice, and will continue with it as long as needed to protect the water system and its users. However, a resolution is always possible if the terms are reasonable. If the State wishes to propose a settlement that is both reasonable and binding, we are willing to listen. Please provide a written copy for me to provide to council next our the entire board's consideration.

Can you also provide a copy of district legislation with the updated changes that you referenced below? I would like the entire board to discuss the issue next week.

Again, thank you for your email.

Sincerely,

Mayor Bellamy

Mayor Bellamy,

As we are approaching the end of the long session, is it the intent of the City to continue with the legal action against the State and MSD? Representative Ramsey has been attempting to seek resolution and it seems to no avail. I would like to know by COB tomorrow if a resolution is possible and if not, I need to know that as well.

In regards to district elections and moving City elections to general election cycles - it would require all seats subject to this years' election to be extended for an additional year. What are your thoughts since it would apply to you?

Sincerely,
